Projects

Cafe Management system

(Languages: HTML, CSS, JavaScript)

- Cafe management system is a responsive website that allows users to browse Items and order them.

Art Gallery

(Languages: HTML, CSS, JavaScript, PHP)

- The website is an online art gallery that facilitates the easy purchase of paintings, scriptures, and models from various artists.
- Its main goal is to promote artists by providing them with a platform to showcase and sell their creations at affordable rates.
- The online application attracts viewers worldwide, enabling them to buy art from the comfort of their homes or offices, effectively reducing geographic barriers.
